

# Benefits Update

## Please Accept Our Apologies...

On Wednesday we sent you an email indicating that you had not yet completed your wellness requirement for the 2024/2025 Plan Year. We apologize for the confusion our email may have caused. After reviewing the information further, we found that **you have** completed your wellness requirements for 2024/2025 and will not be subject to the surcharge.

No further action is required.

Again, we thank you for your understanding.
